

I listen to K-LOVE routinely, on a daily basis. I am thankful for this radio station, as I am a visiting nurse who travels many miles on a daily basis. It is a GOD SEND to have a Christian radio station to listen to as I travel. It would be terrible for myself and many more from my community to lose this station as a result of displacement by an LPFM broadcaster. It is important to have Christian radio stations in the midst of all the trash that is allowed to be broadcast on the air. Children can listen to K-LOVE with no fear of having to cover ears. Teenagers can listen to rock music that has a POSITIVE message. Adults who love the Lord can listen to music that is positive and encouraging. To have this station taken off the air would be unfair and discriminatory to the Christian population.
